

LinkedIn: The goldmine of opportunities.

More than 575,000,000 people are on LinkedIn, the world's # 1 professional network. If you aren't, you lose the possibility of gaining quality contacts and opportunities of any and every kind.

In addition, many companies and recruiters now ask for LinkedIn profiles instead of resumes, as they present much more complete and valuable information about a candidate.

What is LINKEDIN for?

It is the trusted network to find:

- ❖ Clients & sales
- ❖ Job opportunities
- ❖ Employees / candidates
- ❖ High quality experts and businesses in any sector
- ❖ Powerful contacts to grow your network
- ❖ Sponsors and followers for your initiative
- ❖ Information about your ideal market / customer profile
- ❖ Free development resources
- ❖ Events that may interest you
- ❖ ...y mucho MÁS

The challenge is that **many people still don't know HOW to take advantage of everything LinkedIn has to offer.** Or even worse, they still think they don't need it .

LinkedIn works both to create connections in the digital world, as well as to facilitate **the first contact** that can lead **to in-person meetings.**

In this practical course, we teach you how to get the most out of this valuable tool, to get a job, find customers, or expand your team and sales.

"Thanks to Nev, for helping me greatly to realize my potential and make me see things that I couldn't. I am proof of how professional Nev is, because she has managed to take me where I wanted to go and never dared to do so before."
